### **NOTICE OF UNTREATED SEWAGE DISCHARGE**

The City of Greensboro had a discharge of approximately 1000 gallons of untreated wastewater from our sewer main located at 2000 Mimosa Dr. The discharge occurred on 7/29/06 for approximately 2 hours due to a 10" main stopped with grease. The untreated wastewater entered North Buffalo tributary of the Haw River basin. The main was rodded to prevent further discharge.

This notice was issued in compliance with North Carolina General Statutes Article 21, Chapter 143.215.C.
